RIVERFORD ROAD
RETAINING WORKS

CLIENT:
CCG/MALCOLMS

VALUE:
£270k

**DESIGN, SUPPLY
& INSTALL:**
JML CONTRACTS LTD

SYSTEMS USED:
STEPOC, HUESKER
REINFORCED EARTH
AND GABIONS

Project overview

JML Contracts carried out a design, supply and installation package for all the retaining walls on this development site. A mixture of reinforced earth, gabions and Stepoc walling was used to raise the ground level and form a flood barrier around the whole site from the White Cart Water running alongside.
